NET Employment Solutions

*Breaking Through
Barriers*

Vision

Focusing on putting God's love into action, NET Employment Solutions brings people together to help individuals break through barriers to employment and to give hope to others in our community.

We will seek to understand, identify & meet the core needs of the people.

About Us

With over 30 years in Human Resource Management, Applied Behavior Analysis, special education (youth and adult) and corporate organizational development, we bring experience to local communities in order to assist in breaking through barriers to employment while sharing God's love.

We are a 501(c)3 nonprofit.

What We Tackle Together

Finding a job is hard; keeping one while navigating life's challenges is harder. We provide direct support to help you clear the path:

Digital Access: Workstations and high-speed internet for job hunting.

Bridge Training: Certification programs for high-demand industries like healthcare, tech, and the trades.

Record Clearing: Help to navigate expungement and licensing for justice-impacted individuals.

Your Success is Our Strategy

We don't just hand out resumes. Every participant is paired with a Career Navigator—a dedicated mentor who provides one-on-one coaching, up to the first year of employment..

When life happens, we're here to help you pivot, not quit.

Join the Movement

Whether you are looking for work or looking to hire, let's build a more inclusive workforce.

Building careers. Restoring dignity. Strengthening community.
